

HIGH SPEED STEEL RAILROAD TIE BORING BITS

ICS **USA**

SPECIAL PURPOSE

90° POINT

**ROUND OR
FLATTED SHANK**

**SINGLE
FLUTE**

High Speed Steel Single Flute Railroad Tie Boring Bits are specifically designed for drilling spike holes in railway cross ties. The single flute acts in a screw-like movement, feeding itself into the material while removing maximum chip removal. The open flute design prevents chip packing and reduces wood burning. Single flute drills are also known as Bobbin Bits.

ITEM NO.	SIZE	SHANK STYLE	FLUTE LENGTH	OVERALL LENGTH	PRICE
RTBB1R 036	9/16	Round	6-3/8	9-3/8	\$38.08
RTBB1R 040	5/8	Round	6-3/8	9-3/8	48.40

ITEM NO.	SIZE	SHANK STYLE	FLUTE LENGTH	OVERALL LENGTH	PRICE
RTBB1F 036	9/16	Flatted	6-3/8	9-3/8	\$40.28
RTBB1F 040	5/8	Flatted	6-3/8	9-3/8	51.48

HIGH SPEED STEEL RAILROAD TIE BORING BITS

ICS **USA**

SPECIAL PURPOSE

90° POINT

**ROUND OR
FLATTED SHANK**

**TWO
FLUTE**

High Speed Steel Two Flute Railroad Tie Boring Bits are specifically designed for drilling holes in railway cross ties. The double flute design combines ease of penetration with rapid chip removal in deep hole, hardwood drilling.
