

# HIGH SPEED STEEL T-SHAPED CUT-OFF BLADES

ICS EUR

GENERAL PURPOSE

PRECISION GROUND

T-Shaped blades are ideal for cutting-off, grooving, and similar operations. The narrow design conserves material being cut and reduces the heat generated when cutting. This style blade will produce a chip narrower than the blade itself. Increased clearance angles on each side of blade reduce friction and assure long tool life. These blades fit all cut-off tool holders made for holding T-shaped blades.
